### **DETAILED ACTION**

1. Applicant's amendments, filed 12/05/2008, are acknowledged.
2. Claims 2-17, 19, 21, 23 and 24 are pending in the application.
3. Claims 2-17, 19, 21, 23 and 24 remain rejected under 35 USC 102(b)/103(a) for reasons of record given in the previous Office Actions.

### ***Response to Arguments***

Applicant's arguments filed 12/5/08 have been fully considered but they are not persuasive.

Applicant continues to argue that the Hey reference does not teach or suggest separating the ammonium salt before heating but rather Hey teaches methods to prevent the ammonium salt precipitate from being formed at all by teaching the continuous heating of the conduits of the reaction chamber.

This argument remains unconvincing for reason of record given in the Office Action dated 9/5/08.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
